

## 2018 NWAGA Scramble Format

- All team members play from each teeing ground. One tee shot is then selected.
- The team member whose shot is selected does not play the next shot. The remaining three-team members play the next shot. Follow this procedure until the ball is on the green.
- Once on the green, all team members may putt. To speed up play, tap-in putts are allowed, and all teammates have the opportunity to try the original putt.
- Each team member must contribute a minimum of four drives.
- Through the green, a ball may be lifted and cleaned and placed within one club-length of where the ball originally lay, within the same playing condition not nearer the hole. If a ball is unplayable, in a water hazard, or out of bounds, this rule does not apply.
